

glisten

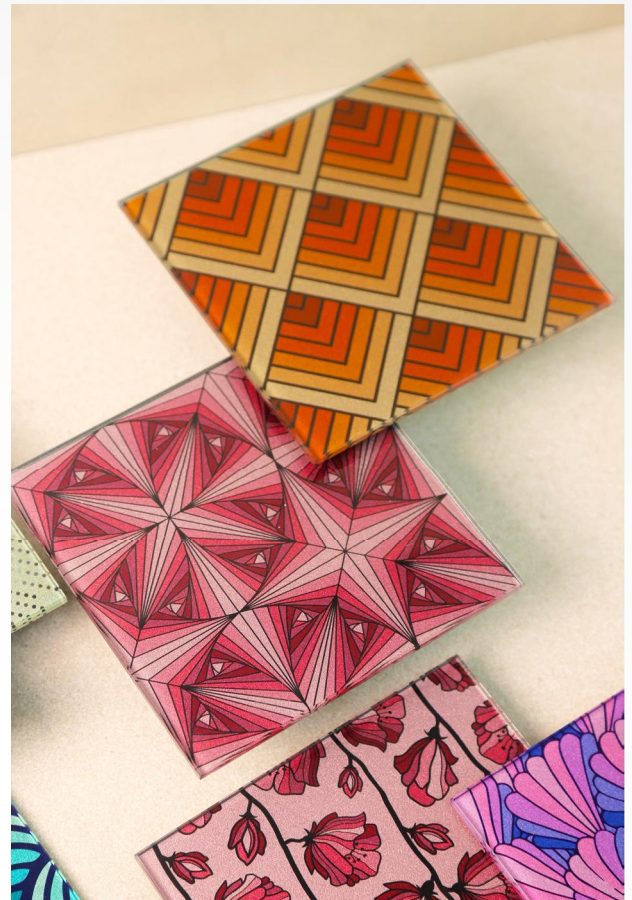

Metallic Patterned Glass

glisten is a decorative glass collection that combines distinctive patterns with refined metallic colors. The special metallic finish creates a subtle shimmer with in the color, while the integration of printed patterns adds depth and dimension to the glass surface.

With its unique visual character and sophisticated finish, glisten brings a distinctive sense of elegance to interior spaces. It is suitable for a variety of applications, including wall cladding and feature walls in elevator lobbies, offices, residences, hotels, and educational spaces.
