Insulated Glass

Tired of noise pollution? We can help you! Our team can help you select the best glass product that could help reduce the noise pollution. Whether you want to prevent the outside from hearing you or prevent the inside from hearing the noise from outside. We, TYK, have supplied acoustic glass products to all types of scenarios, bars and clubs, all the way to a condominium near the airport. We can help design the environment you want, not too loud or not too quiet that it makes the user feel uncomfortable.

Expert Consultation:

We help you choose the ideal product based on performance and budget. Exceptional Quality: Our products are manufactured to meet the higher standards.
