

colorkote

Glass Painting Technology

Colorkote is a glass product renowned for its vibrant colors, achieved through a premium color coating applied to the back of the glass. With years of experience, TYK ensures the highest quality in Colorkote, providing precise color matching to meet your specific needs.

Color Expertise:

TYK excels in mixing a wide range of colors with accuracy, ensuring that your specifications are met.

Product Quality:

Utilizing top-quality paint and advanced machinery, we ensure a smooth and even color application across the entire glass sheet, enhancing the final product's appearance and durability.

Customization:

Our process can be combined with other techniques, offering designers flexible options to achieve their desired look and functionality.
