## Safari – The Power of Wild Elegance

The Safari Collection is inspired by the spirit of the wild and the essence of adventure, expressing the raw beauty of nature through patterns that evoke instinctive energy and confident character in true safari style.

Textures drawn from animal fur and natural motifs are reinterpreted onto glass surfaces that are strong, transparent, and contemporary.

As light passes through, the patterns do more than simply appear; they reveal movement, rhythm, and the emotional interplay of light and shadow, as if inviting nature itself into architecture and interior design.
